ML WATER TECHNOLOGY

SPECIALISTS IN WATER TREATMENT PLANTS & PURIFIERS

AN ISO 9001- 2015 CERTIFIED COMPANY

ML Water Technology was started with a vision to supply and support clients and the best known firm in the industry. Our prime motto is to deliver our customers with clean, sterilised, safe, clear crystalline water from any source. Our reliable, hardworking and sincere technical team have bolstered our efforts to see to it that we maintain high standards of engineering in all the work and projects that we undertake.

ML Water Technology offers several types of water treatment plants of the highest quality. Water treatment plants from **ML Water Technology** are fully customized for each client based on the level of contamination.. At ML Water Technology, prior to selling filtration equipments, a complete water analysis report is generated for designing the best purification plant.

The company has already made a mark in the industry for offering prompt and diligent after sales services.
